An academic discipline or field of study is a branch of knowledge, taught and researched as part of higher education. A scholar's discipline is commonly defined by the university faculties and learned societies to which he or she belongs and the academic journals in which he or she publishes research.. Disciplines vary between well-established ones that exist in almost all universities and have ...

The prior installment of this department (in October, 2007) introduced the idea of toolkit elements for content teachers. We asserted that one of those essential elements is the skill of enriching students' academic language.

Developing Academic Language: Got Words? | Reading Rockets

Mods and rockers were two conflicting British youth subcultures of the early/mid 1960s to early 1970s. Media coverage of mods and rockers fighting in 1964 sparked a moral panic about British youth, and the two groups became widely perceived as violent, unruly troublemakers.. The rocker subculture was centred on motorcycling, and their appearance reflected that.
