Back to My Mac, also previously part of MobileMe, is now part of iCloud. As before, this service allows users to log in remotely to other computers that have Back to My Mac enabled and are configured with the same Apple ID. On August 9, 2018, Apple updated a support document to note that Back to My Mac would not be part of the upcoming macOS Mojave (10.14) release.

As of August 29, 2014, Google has decided to intentionally break old browsers. They say it's not a bug, it's by design here, even though Google's support page says it accepts Safari 4 as a fully supported browser. If you want Google searches to go back to the modern style, you need to change your User-Agent string.
