Abstract. This document sets out a series of best practices designed to facilitate development and delivery of open government data as Linked Open Data. Linked Open Data makes the World Wide Web into a global database, sometimes referred to as the "Web of Data". Using Linked Data Principles, developers can query Linked Data from multiple sources at once and combine it without the need for a ...

Best Practices for Publishing Linked Data

Chapter 2 Principles of Linked Data. The term Linked Data refers to a set of best practices for publishing and interlinking structured data on the Web. These best practices were introduced by Tim Berners-Lee in his Web architecture note Linked Data and have become known as the Linked Data principles. These principles are the following:
