System Center Essentials (SCE) is a system management product from Microsoft targeting Windows systems for small and medium size businesses.. The product allows monitoring and alert resolution of server and client computers, applications, hardware, and network devices.Many Microsoft server products, such as Active Directory, Microsoft SQL Server, and Microsoft Exchange Server, can be monitored ...

System Center Essentials - Wikipedia
Cairo was the code name for a project at Microsoft from 1991 to 1996. Its charter was to build technologies for a next generation operating system that would fulfill Bill Gates's vision of "information at your fingertips." Cairo never shipped, although portions of its technologies have since appeared in other products.
