Military strategy is a set of ideas implemented by military organizations to pursue desired strategic goals. Derived from the Greek word strategos, the term strategy, when it appeared in use during the 18th century, was seen in its narrow sense as the "art of the general", or "the art of arrangement" of troops. Military strategy deals with the planning and conduct of campaigns, the movement ...

A telecommunications company was seeking to improve its customer service. Rather than trying to influence mind-sets by, for example, posting signs urging employees to be polite to disgruntled customers, or having employees undergo empathy training, the company focused on what psychologists call a "precursor behavior" a seemingly innocuous behavior that reliably precedes the occurrence ...

People sleep peaceably in their beds at night only because rough men stand ready to do violence on their behalf. --- George Orwell. I am therefore of the opinion that when a democratic people engages in a war after a long peace, it incurs much more risk of defeat than any other nation; but it ought not easily to be cast down by its reverses, for the chances of success for such an army are ...
