

the book of memory pdf

THE BOOK OF MEMORY. Mary Carruthers's classic study of the training and uses of memory for a variety of purposes in European cultures during the Middle Ages has fundamentally changed the way scholars understand medieval culture. This fully revised and updated second edition considers afresh all the material and conclusions of the first.

b. Episodic memory is a long-term memory system that stores information about specific events or episodes related to one's own life. 1. episodic memory is used to recall past events, such as a movie you saw last week, the dinner you ate last night, the name of the book your friend recommended, or a birthday party you attended.

MEMORY - American Psychological Association

Frances Yates's book on memory is also useful as a sort of broad overview. Finally, I wish to answer an unfair comparison. One previous reviewer claimed that Frances Yates's book, "The Art of Memory" is superior. It is superior only in the sense that it is more readable, at least for the majority of the work.
